NEWS RELEASE

Eastwood Bio-Medical Canada Inc. Announces Partnership with School Specializing in Autistic Spectrum Disorder and Launch of Additional Products

July 22, 2019 – Richmond, British Columbia – Eastwood Bio-Medical Canada Inc. (TSX-V: EBM) (the “Company”) is pleased to announce that the Company has agreed to begin a joint cooperation program with Beseto International School (“Beseto”), a school in South Korea specializing in working with Autism Spectrum Disorder. The Company plans to provide Eleotin products to the school.

The Company is also pleased to announce the launch of new products: Eleotin Kalimera Hypno, Eleotin MCE, Eleotin Waikiki, and new generation of Eleotin Mb teas. Eleotin Kalimera Hypno is the Company’s first melatonin product, to be used to help with the body’s sleep-wake cycles. Eleotin MCE addresses sexual health, and Eleotin Waikiki is a combination of coral calcium and Vitamin D. The new Eleotin Mb teas are the first products of the Company’s anticipated line of health drink powders. The Company has also begun mass production of Eleotin Katharos, the anti-oxidant product that has been received in Asia as way to address heavy metals and smog in the environment. Yunji Kim, President and CEO, commented, “We are pleased with this new partnership with Beseto, but it is at an exploratory stage. We do not have any projections at this time of what profits or revenues may result. We also do not claim any effect our products may have, except for the claims allowed by the various governmental authorities.”

About Eastwood Bio-Medical Canada, Inc.:

The Company is a Vancouver based company whose Eleotin brand of products provide natural sourced solutions for metabolic syndromes, such as blood glucose control, obesity, and hypertension.

Eleotin was initially developed by the scientists at the Julia McFarlane Diabetes Research Center (JMDRC) at the University of Calgary in Alberta, Canada. The JMDRC is a leader in research on Type I and Type II diabetes. After the initial development by the JMDRC, research and development were continued by Eastwood Bio-Medical Research Inc., the Company, and other institutions around the world, including Tsinghua University of the People’s Republic of China. Eleotin products have been endorsed by thousands of doctors and medical associations around the globe, and authorized by Advertising Standards Canada (ASC) to be marketed as the ‘World’s #1 Doctor Recommended Natural Source Healthy Blood Glucose Promoting Product available in Canada’.
